CEO & Managing Partner  
K C Mehta and Co. LLP

### BRIEF ABOUT

Family-owned enterprises form a significant part of India's business landscape, contributing substantially to employment, entrepreneurship, and capital formation. As these businesses transition across generations, inadequate succession planning often results in fragmented control, eroded enterprise value, and strained family relationships. **This session will focus on practical approaches adopted by family enterprises to manage generational transition** while safeguarding business interests and family cohesion. This seminar helps in structured succession frameworks essential for continuity, stability.

### KEY TAKEAWAYS

- ✓ Understanding of succession planning in family enterprises
- ✓ Insights of governance models for Indian family businesses
- ✓ Clarity on roles, responsibilities, and decision rights
- ✓ Perspectives on preserving business continuity & family harmony
- ✓ Inputs on succession planning within own enterprises

### WHO SHOULD ATTEND

- ✓ Founders, Directors, Advisors of family-owned businesses
- ✓ Next-gen family members, successors, trustees
- ✓ Professionals advising family businesses

**No registration fee  
but prior registration is must.**
