India has successfully built Digital Public Infrastructure. The next challenge: preserving trust in Digital India. Fraudsters are no longer attacking only systems- they now exploit human psychology through tactics such as fear, greed, urgency, and authority.

## Strategic Objectives

1. Understand root causes behind digital fraud growth
2. Identify accountability gaps across stakeholders.
3. Recommend policy and Legislative interventions.
4. Create actionable recommendations for Government.
5. Position FTCCI as a national thought leader on Digital Trust.

## Key Discussion Areas

- ▶ Cyber Frauds & Emerging Threats
- ▶ Citizen Awareness & Digital Literacy
- ▶ Role of Financial Institutions & Telecom Operators
- ▶ Regulatory and Policy Frameworks
- ▶ AI-enabled Frauds & Deepfake Risks
- ▶ Strengthening Digital Trust Ecosystems

## INVITED STAKEHOLDERS

Government Officials | Hyderabad City Police | Cyber Crime Experts | Industry Leaders | Banks & Fintechs |  
Technology Companies | Legal Experts | Academia | MSMEs | Citizens' Representatives

**R.Ravi Kumar**  
President

**K K Maheshwari**
