Dear Sir,

Sub: Energy Billing for the month of April 2020 – reg..

Greetings from FTCCI!

We thank you for the relief extended to industrial consumers by announcing waiver of Fixed Charges and Electricity Billing based on actual consumption – thus waiving the minimum consumption charges for the months of April and May 2020 and for waiver of interest and penalty on delayed payments.

Since for the April month billing, opening reading of MD is already taken from 17th of March 2020, we request you to consider billing only on pro-rata basis for the number of days the unit operated (for the billing month of April) before the lockdown was announced, i.e. on 22nd March instead of 30 days cycle.

We request you to consider the suggestion to arrive at correct calculation of consumption for the month of April

Thanking you
Yours sincerely
