GOVERNMENT OF TELANGANA ABSTRACT

The Minimum Wages Act, 1948 (Central Act No.11 of 1948) - Addition of Employment of "Food Processing Industry and Food Parks" to Part-I to the Schedule of the Minimum Wages Act, 1948 - Preliminary Notification Orders Issued.

LABOUR EMPLOYMENT TRAINING & FACTORIES (LAB-I) DEPARTMENT

G.O.Rt.No. 307

Dated : 19-06-2023

Read:

From the Commissioner of Labour(FAC), Telangana, Hyderabad,
Lr.No.H1/963/2019, dated: 19.02.2019.

ORDER:-

In the letter first read above, the Commissioner of Labour(FAC), Telangana, Hyderabad has submitted proposals for creation of separate schedule employment for "Food Processing Industry and Food Parks" in Part-I of schedule employments in the Minimum Wages Act, 1948 (Central Act No.11 of 1948).

- Government, after careful examination of the matter hereby decided to issue preliminary notification to add the "Food Processing Industry and Food Parks" as entry "74" in Part-I of Schedule Employments to the Minimum Wages Act, 1948, after the existing entry "73", in its application to the State of Telangana as required under section 27 of the Minimum Wages Act, 1948 (Central Act 11 of 1948) calling for objections / suggestions up to three months from the date of publication of this notification in the Telangana Gazette.
- Accordingly, the following notification shall be published in the extraordinary issue of Telangana Gazette dated: 22.06.2023:

PRELIMINARY NOTIFICATION

In exercise of the powers conferred under section 27 of the Minimum Wages Act, 1948 (Central Act 11 of 1948), it is proposed to add the "Food Processing Industry and Food Parks" as entry "74", in Part-I of the Schedule to the Minimum Wages Act, 1948, after the existing entry "73", in its application to the State of Telangana.

- As required under section 27 of the aforesaid Act, notice is hereby given to all the persons likely to be affected thereby, that any objections or suggestions with respect to the proposed addition of the entry in the Schedule will be taken into consideration up to three months from the date of publication of this notification in the Telangana Gazette.
- The objections and suggestions, if any, should be addressed to the Commissioner of Labour, T.Anjaiah Bhavan, RTC 'X' Roads, Hyderabad, Telangana.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF TELANGANA)

I.Rani Kumudini
Special Chief Secretary To Government

BIS Introduces Standard IS 18267: 2023 for Agri By-Product Utensils

Standard promotes environmental conservation, circular economy and consumer well-being

With rising demand for biodegradable cutlery, Indian large-scale manufacturers and MSMEs to benefit with the Standard

Posted On: 22 JUN 2023 8:35PM by PIB Delhi

The Bureau of Indian Standards (BIS) has published IS 18267: 2023 "Food Serving Utensils Made from Agri By-Products Specification," aimed at reducing plastic pollution and promoting sustainability. The standard provides comprehensive guidelines to manufacturers and consumers, ensuring uniformity in quality requirements across the country.

The implementation of this standard has extensive advantages as using biodegradable agri by-product utensils can contribute towards environmental safety, conserve natural resources, and promote a circular economy. These utensils are free from harmful additives and ensure consumer well-being. The standard also creates economic opportunities for farmers and supports sustainable agricultural practices, contributing to rural development.

The rising use of disposable tableware worldwide is driving the global market for disposable tableware. Disposable plate's market size was valued at USD 4.26 Billion in 2020 and is projected to reach USD 6.73 Billion by 2028, growing at a Compound Annual Growth Rate (CAGR) of 5.94% from 2021 to 2028.

In India, numerous large-scale and Micro, Small & Medium Enterprises (MSME) level manufacturers are actively contributing to the production of biodegradable cutlery, and they stand to benefit immensely with this Standard. The demand for these products is consistently rising, leading to a steady growth in the number of manufacturers involved in their production.

The standard covers various aspects, including raw materials, manufacturing techniques, performance, and hygiene requirements for the production of biodegradable utensils. It specifies the use of agricultural byproducts, such as leaves and sheaths, as preferred materials for making plates, cups, bowls, and more. The standard recommends appropriate parts of plants and trees and provides manufacturing techniques like hot pressing, cold pressing, moulding, and stitching. It also emphasizes smooth surfaces, non-sharp edges, and prohibits the use of chemicals, resins and adhesives.
