Dated: 27.10. 2025

Trade Notice No. 14/2025-26

Subject: Pilot Launch of Bharat Aayat Niryat Lab Setu - reg.

To strengthen India's trade facilitation ecosystem and ensure faster, transparent, and paperless certification for export and import commodities, the Directorate General of Foreign Trade (DGFT) proposes to initiate the pilot of Bharat Niryat Lab Setu - a digital platform integrating testing and inspection agencies across the country under a single window. The system shall be accessible at <https://trade.gov.in> LabSetu or directed at <http://trade.gov.in/pages/LabSetu>.

1.2. The initiative seeks to streamline the process of testing and certification by digitally connecting exporters, importers, and accredited testing and inspection agencies through a unified online interface. This shall reduce delays, improve traceability of test results, and enhance global trust in India's quality infrastructure. Through this functionality, exporters shall be able to seamlessly search, select, apply, track and obtain digital test reports and certifications across product categories. The system has been designed to improve transparency, traceability and turnaround time, while also enhancing the visibility and accessibility of accredited testing and inspection agencies nationwide.

1.3. During the pilot phase, exporters or importers may continue to obtain test reports through the existing processes, in parallel with the LabSetu system, to ensure smooth transition and feedback-based refinement of this online system.

Dated: 29 October, 2025
Trade Notice – 15 /2025-26

Subject: Revision of exporter eligibility criteria for registration on “Source from India” service of Trade Connect ePlatform.

1. Reference is drawn to Trade Notice No. 5/2025-26 dated June 13, 2025 wherein “Source from India” service of Trade Connect ePlatform (<https://www.trade.gov.in/pages/source-from-india>) was rolled out for all Status Holder exporters. ‘Source from India’, a flagship feature on the Trade Connect ePlatform (hereinafter referred to as “Trade Connect”) serves as a one stop reference point for international buyers to discover accomplished Indian Exporters to source from. The service allows exporters to create their own microsites on Trade Connect and showcase their products as well as credentials of their entity.
2. In order to enable more accomplished Indian exporters to create their profiles on “Source from India” facility of Trade Connect, it has now been decided to amend the eligibility criteria of exporters for availing the said facility.
3. **With effect from 1st November 2025, all valid IECs (IECs that are not in DEL) fulfilling a minimum export realisation of USD 100,000 in at least one of the previous three financial years at the time of application will now be eligible to create their microsites on Source from India, in addition to Status Holders.** It may be noted that the DGFT eBRC database will serve as the sole reference point for realisation data and will determine eligibility based on aggregate eBRC value available on a financial year basis.
4. **Users registered on Trade Connect whose profiles are linked to eligible IECs will automatically see the option for “Source from India” microsite creation on their dashboard.** A detailed guide is annexed to this Trade Notice which may be referred for step-by-step guidance on the same.
5. Indian Missions Abroad have also been duly sensitised to use “Source from India” as a reference point for addressing sourcing needs of foreign buyers approaching the missions for requests to help find Indian suppliers for various products.
6. Export Promotion Councils and Industry associations are requested to give wide publicity to the contents of this Trade Notice and encourage participation of all eligible members.

This is issued with the approval of the competent authority.

Seminar on
**Innovations and Opportunities
in Dairy Entrepreneurship:**
from **Farm to Market**

📅 12th December, 2025 | 10:00 AM to 5.30 PM

📍 KLN Prasad Auditorium, Federation House,
Hyderabad

About the Seminar

India is the world's largest producer and consumer of milk, contributing nearly 25% of global milk production. The dairy sector is not only central to the nation's economy but also plays a vital role in ensuring nutrition security and rural employment. With rising consumer demand for quality and value-added dairy products, emerging technologies in production and processing, and the Government's thrust on rural livelihoods and entrepreneurship, the sector is poised for major transformation.

Technical Sessions

Dairy Farming &
Production

Processing &
Value Addition

Dairy Technology &
Digital Transformation

Financial
Support

The Seminar will serve as a knowledge sharing and networking platform aimed at:

- ✓ To highlight innovations in dairy farming and production.
- ✓ To explore opportunities in dairy processing, value addition, and digital transformation.
- ✓ To provide insights into financial support.
- ✓ To create a collaborative platform for industry, startups, and institutions.

Who should attend

- ▶ Dairy entrepreneurs & startups
- ▶ Farmers & producer organizations
- ▶ Dairy cooperatives & processors
- ▶ Food technologists & researchers
- ▶ Financial institutions & investors
- ▶ Policymakers & government officials
- ▶ Students & aspiring
- ▶ Entrepreneurs
