Press Release

“Artificial Intelligence will speed up legal process & justice delivery system but it should not be used as a tool for human replacement”

said Justice Sri L.Narasimha Reddy, Chairman, Central Administrative Tribunal, Principal Bench, Delhi.

Saturday 19.09.2020 Hyderabad: The Federation of Telangana Chambers of Commerce and Industry organized a webinar on Artificial Intelligence in Law today., **Chief Guest, Justice Sri L.Narasimha Reddy, Chairman, Central Administrative Tribunal, Principal Bench, Delhi.**, along with **Advocate Sai Sushanth, CEO, Sushanth IT Law Associates** and **Ramakanth Inani, President, FTCCI, CA Abhay Kumar Jain, Chair, Legal Affairs & Alternative Dispute Resolutions Committee, FTCCI.**, **Bala Prasad** and **Sandeep Rathi, Co-chairs of IT & IT Enabled Services, Communications & Electronics Committee and Khyati Naravane, CEO, FTCCI.**

Justice Sri L.Narasimha Reddy, Chairman, Central Administrative Tribunal, Principal Bench, Delhi. said “Artificial Intelligence should not be a used a tool for human replacement. A human element is necessary to deal with humans and for an intelligent strategic planning as a person could be unpredictable. However, AI could be a great development enhancing tool assisting staffing members.”

The rise of artificial intelligence will make most people better off over the next decade, but many have concerns about how advances in AI will affect what it means to be human, to be productive and to exercise free will. In order for AI technologies to be truly transformative in a positive way, we need a set of ethical norms, standards and practical methodologies to ensure that we use AI responsibly and to the benefit of humanity. As it becomes more difficult for humans to understand how AI/tech works, it will become harder to resolve inevitable problems. He also spoke on the role of CAT that has played in the evolution of service jurisprudence in the country, in the light of its various milestone judgments. He assured the help of the IT Department and use of artificial intelligence in the functioning of the Tribunal.

Advocate Sai Sushanth, CEO, Sushanth IT Law Associates spoke on the advantages and benefits of technology application in justice dispensation system, AI and its role in Law & Legal Profession and can be used in commercial claims, mechanical process and legal nuances. The AI will help in reducing pendency. He detailed on the AI tools, areas where it can be implemented and road map for judicial dispensation system. The whole world is embracing AI and becoming technology savvy and the Indian legal system should come forward in adopting the technology. This metamorphosis of the legal domain,

and consequently of the legal profession will indeed prove to be profitable for the society in general and help close the gap of access to justice for the civilians. The legal field, as well as the legal professionals, should come forward and welcome the advent of technology in the legal arena and assist to develop itself for the betterment and welfare of society.

Earlier, **Sri Ramakanth Inani, President, FTCCI** said that “AI is a technology that is impacting our lives in a positive manner and is also taking part in our daily issues like a reminder for meetings, suggesting articles & news of our interest. In the near future, its impact is likely to spread on entire database of industries. It is believed that artificial intelligence has great scope for Indian Legal Sector and a combination of artificial intelligence and law will witness immense growth in the near future, which in turn, will help litigators especially trade & industry to ensure adjudication of their matters at a very faster pace and at reduced costs. Lawyers and Judiciary should start considering the potential of AI not merely to make efficiency gains, but to radically shake up the legal sector. He sought cooperation in taking up AI with concerned authorities in exploring implementation of AI in Law.”

About FTCCI

FTCCI have been energizing industry for 100 years. We’ve been engaging with the government to represent our members and played a key role in enabling change through meaningful interactions for an entire century. FTCCI liaises between Trade, Industry and the Government, participating & suggesting to the government on their policies on industry, labor laws, energy, environment, direct & indirect taxes & various issues. It also draws attention and represents industry about the issues and challenges of industry & trade. FTCCI conducts studies on various subjects related to trade and industry and acts as a knowledge chamber.
